

Chapter Culture

Hi my name is Dina D'Andrea from Gamma Mu Chapter.

Which is Monticello and Logansport.

I am from Logansport.

I teach Kindergarten. I am the Senior on my team of 7. I am very lucky that my team is very patient and understanding of this mature woman. The last few years haven't always been easy for me. There have been many changes over the years from curriculum, technology, and even the way we dress. At times they will ask this young lady that is rich in history how it was years ago? I am always more than willing to share. I feel Delta Kappa Gamma is the same as my teaching career...Delta Kappa Gamma is very rich in history which is one of the many reasons I love Delta Kappa Gamma, BUT if we are to attract some of the younger teachers we may need to make some simple changes here or there.

Let me leave you with this quote...

"Be progressive. Keep up with the moving world while not discarding what in the old has value. But, don't cling to the old when its worth has passed. Don't be a person so set in your views that nothing can change you."

-Annie Webb Blanton

I think that says something about Delta Kappa Gamma if one of our founding members was thinking that way years ago. Be open to new and inviting ways that will attract new members and keep the members that we have.
