

What DKG Means to Me

Delta Kappa Gamma is a part of who I am. I was honored to be asked, and I remember that day very clearly. My family was excited for me and have remained faithful supporters through the years. I have a very rich life in the terms of family, church involvement, and friends, but membership in DKG is different. It fills a different place in my heart and in my life. I have grown in many ways through DKG. I can speak in crowds now with no hesitation. I love taking leadership roles and working with so many members from all over our 17 member countries! I have been blessed with members who have opened doors for me and encouraged me to dream. I hope I am that person for others.
